Lunch & Learn – This is Hard! How to Help Your Child Do Hard Things and Persevere in the Face of Challenges

Virtual

Presented by Mariposa Education

Parents often find it difficult to encourage their child to keep trying when things are hard, or to do hard things. And the many ways we try to motivate our children can backfire. It turns out that when we are learning something new, we need 5 forms of positive feedback for every negative or constructive form of feedback. And yet how we offer that feedback makes a big difference. In this workshop, we will give you the language to reinforce your child so that they can build the self-motivation they need to try again and do hard things.
